O R D E R

On February 4, 1994, Kirksville Water Association ("Kirksville Water") filed an application for a Certificate of Public Convenience and Necessity to construct a \$249,700 waterworks improvement project and for approval of its plan of financing for this project. This project will provide service to 76 additional customers. Project funding includes a \$93,500 loan from the Farmers Home Administration ("FmHA"), a \$122,000 grant from FmHA, and \$34,200 from applicants for service in the proposed project area. The loan will be for a 40-year period.

Kirksville Water's application was made pursuant to KRS 278.023 which requires the Commission to accept agreements between water associations and FmHA and to issue the necessary order to implement the terms of such agreements within 30 days of satisfactory completion of the minimum filing requirements. Given that minimum filing requirements were met in this case on February 28, 1994, KRS 278.023 does not grant the Commission any discretionary authority to modify or reject any portion of this agreement.

1. Kirksville Water is hereby granted a Certificate of Public Convenience and Necessity for the proposed construction project.

2. Kirksville Water's proposed plan of financing with FmHA is accepted.

3. Kirksville Water shall file a copy of the "as-built" drawings and a certified statement that the construction has been satisfactorily completed in accordance with the contract plans and specifications within 60 days of the substantial completion of the construction certificated herein.

If the level of service is inadequate or declining or the pressure to any customer falls outside the requirements of 807 KAR 5:066, Section 5(1), Kirksville Water shall take immediate action to bring the system into compliance with Commission regulations.

Nothing contained herein shall be deemed a warranty of the Commonwealth of Kentucky, or any agency thereof, of the financing herein accepted.
